### Plan of Correction

1. **POC:** Based on observation while monitoring the playgrounds. The large playground does not have a fence and is not use. please be advised that playground space helps determine the maximum capacity of the facility. If playground will not be in use the capacity of the facility will reflect available usage. Playground 2 adjacent to pre K room surfacing needs to be refilled to maintain regulation on the playground. Under spring rocker and slide are the areas needing surfacing. A follow up will be completed on June 13th. To

determine if the capacity of the facility will be maintained. Temporary use of large area in side can be used. The slide and spring rockers are off limits until surfacing is replaced. This will allow for the children to have some outside time. Anything outside playground will require a field trip form on file. Appendix D was discussed with director.
