Findings/Comments Here for follow-up -

The Licensing official met Lisa Cauthern. A walkthrough of the facility was conducted. The Licensing official observed that the infant, creeper, two, three, and four years old classrooms still didn't have any heat, those children were moved to the Sunday School area except for the infant they were in a classroom 107 with heat. LOS observed that the ratios and room capacity complied today. Classroom 107, 108, and 109 were used by children with heat also.

The Sunday school area also had heat in each classroom. The LOS will come out to measure the Sunday School area for emergencies only to have the right room capacity. Per the director they will be out Monday and hopefully, the heat will be repaired by Monday evening.
