Findings/Comments CCFI provided technical assistance to the Director on the following:

- The bathrooms counted in facility max capacity should only be accessible to the child care facility children. Marshall Academy school age children should not be using those bathrooms.

- Room 3 should not be used by Marshall Academy school age children. Room 3 is to be used by only children enrolled in the child care facility / after school program. This was previously documented and discussed on March 3, 2021.
