Findings/Comments

Upon arrival, licensing official met with owner/Director.

The purpose of this visit was acknowledged. Licensing official arrived to see if providers air conditioning had been repaired and if she had any preschoolers present because during previous inspection, owner/Director was informed she could not accept infants, toddlers, preschoolers until air was operable. She was only allowed to service school age/after school students.

Ratio is as follows:

School age children (6)

2 staff present

Licensing official inspected upstairs of first building. Ventilation is adequate. Air is operable.

Licensing official and owner/director proceeded to second building (2364). Once owner opened the door, a strong smell of marijuana was present at facility. No children are present and the building does currently have air.

The owner/Director stated to licensing official that she smelled marijuana as well and stated it's strong.
