Diaper Change	Classroom/Age Group <u>infants</u>
1. Staff-to-child ratios are in place during diaper changes.	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Observation/Recommendation: Observed 6 infants to two caregivers.	
2. Children are properly supervised during diaper changes.	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Observation/Recommendation: The licensing official observed that while caregiver #1 is changing an infant, caregiver #2 is interacting with/watching the other children.	
3. Transition activities are used during waiting times (e.g., story time, fingerplays, songs, games, etc.)	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Observation/Recommendation: The licensing official observed different age appropriate toys throughout the floor and within reach of the children. These toys were used to keep the children entertained while caregiver #1 was changing the infant. Caregiver #2 was also within reach of the children.	

4. Potty chairs are in an appropriate area and sanitized.	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Observation/Recommendation: Potty chairs are not needed for this age group. It was observed that after the children's diapers are changed the diaper changing station should be sanitized before being used to change the next child's diaper. A recommendation was given on making sure that a cleaning disinfected is used and the surface is dry before using again.	
5. The staff adheres to proper handwashing procedures.	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Observation/Recommendation: The licensing official observed caregiver #1 not washing her hands after diapering the children. A recommendation is given to make sure that the caregiver's hands are washed after changing children and before going to the next child.	
6. Children's hands are being washed by a proper handwashing procedure.	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Observation/Recommendation: The licensing official observed caregiver #1 changing infants throughout the visit. It was observed that after infants are changed they are placed back on the floor without their hands being washed. A recommendation was given to both caregivers on washing the children's hands after their diapers have been changed. This can be done with a wipe or with soap and water.	

7. Sinks are operational (hot and cold running water).	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Observation/Recommendation: There is hot and cold water at the handwashing sink.	
8. The diaper changing area is clean and supplied (i.e., storage bin, sanitizing solutions, gloves, etc.)	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Observation/Recommendation: The licesning official observed that the diaper changing area is fully supplied.	

Game Plan**Recommendation #1**

What's Causing the Issue?

Diaper changing station should be disinfected after changing each child. Also all caregivers and children hands should be washed after each diaper change.

How Do We Improve?

Make sure that after a child's diaper is change that the diaper changing station is disinfected and dried before going to the next child. The caregivers should also make sure that their hands and the children hands are washed after each diaper change.
