Findings/Comments During inspection on 1/10/23 the following violation was cited and the POC discussed:

Room 5 was observed with 13 children and two caregivers. The age of the youngest child was 2 years old. Room 5 has a capacity of 12. Therefore, room 5 was over capacity by one child.

The owner moved a younger two year old to Room 6 to correct the violation.

All rooms were in compliance with room capacity and staff-to-child ratio during exit interview.
