Findings/Comments The licensing official met with owner, Mary Rhodes,
The purpose for this visit was for a requested measurement by
owner/designee, Mary Rhodes on 5/9/18!

The licensing official measured a classroom that will be used
for schoolage children. The classroom measured (20) schoolage
children.

Per Mrs. Rhodes, she requested to change one of her schoolage classrooms
to an infant classroom. The new classroom for infants measured
(17). Staff-to-child ratio must be maintained at all times. The
staff-to-child ratio for infants is 1:5; Rule 1.8.1(1); Rule 1.8.2(1).

The new maximum capacity for the facility is (57). The facility will
go on-line to pay \$50.00 for a capacity increase. Once the facility
has completed the requirements needed a new license will be
issued reflecting the new maximum capacity.

A follow-up visit will be conducted once the facility has setup the
new infant classroom and the new schoolage classroom. Mrs Rhodes will
give the licensing official a call once the classrooms are setup in
about two weeks.
