Findings/Comments Here to conduct technical assistance.
CCFI updated floor plan & max capacity worksheet,
to match the number of the rooms instead of letters.

The only change was Room 6 was only measured
for infants, CCFI added the measurement for children
as well.

Due to the measurement change, this did change
the facility capacity to 262 since the facility
does not care for infants.

The Director is aware of the change and
understands.
