Findings/Comments

Upon arrival, the licensing official met with director nikia cooper.

The purpose of this visit is to conduct a playground assessment.

Technical assistance was provided the following:

The licensing official observed .1 foot dip from playground area space. The director will send in information that contains what and how much protective barrier will be needed to prevent hazards.

LO also observed small space between border that must be enclosed, to prevent hazards.

LO observed poles that holds up the shade that must be 6 feet away from playground equipment. Possibly two poles would have to be spaced out more. Supervisor will get more clarification on this matter.
