1. **POC:** License official observed a special need student down for nap time sleeping on about five cots stacked on top of each other. LO informed caregiver no student should be sleeping on cots stacked on top of each other. LO requested that the caregiver removed the child from the cots and place her cots on the floor. LO explained that's unsafe for any child to sleep on cots that are stacked that high, they could roll over and fall out possibly hurting themselves. Also upon arrival, license official observed caregiver coming

to the door to let licensing officials in the building leaving seven children unattended. LO explained to the caregiver that she can not leave the children unattended at anytime of the day during school hours. Explaining to the caregiver that she could have let us know that she was in the classroom and for us to come to the classroom were she was located.

Person Responsible: Director **Date for Completion:**

Three - Five - Classroom Number: 3
