Plan of Correction

1. **POC:** During the inspection, the licensing official observed that the facility is currently being renovated. The facility is currently closed due to these renovations. During the inspection, it was observed on the infant and one-year-old side of the facility new handwashing sinks and toilets have been installed, and the walls have been painted. It was also observed that new plumbing will be installed in the kitchen along with a new three-compartment sink. Per Ms. Baldwin, the facility owner new windows and doors will be installed along with fixing certain spots in the facility roof. Due to the preschool side of the facility experiencing water damage everything will be replaced or repaired. Before any children will be allowed at the facility an inspection will be needed first. It was also explained to Ms. Baldwin that before she makes any more renovations to the facility a detailed email is needed listing what has been done as well as what will be completed. It was explained that due to certain renovations that she wants to make lead and asbestos tests may be needed. It was explained approval is needed before any other renovations are done to the facility.
