Findings/Comments

Here for six month inspection. Re licensing official met with Stephanie Loe Ferguson, designee.

Sub-Chapter: 6 Facility Records

Deficiency: Rule 1.6.3(8) States in part "Each facility shall maintain a notebook containing copies of the MSDH Certificate of Immunization Compliance (MSDH form #121) for both staff and children at the facility. The notebook shall contain separate current alphabetical rosters of both staff and children. The certificates shall be filed in alphabetical order to match the current staff and child roster."

Findings: Based on observations and review of staff and children records, the facility failed to assure that they had a current MSDH 121 on each employee and child. Record review revealed on 2 children and 2 staff records lacked a current MSDH 121 form. Children and Staff with no 121 form may not return until valid 121 on file at the facility.

POC: The director will ensure that each staff and children will have a valid MSDH 121 form by checking at the end of each month. No children and staff should be at the facility with out 121 at the facility. All current MSDH 121 form must be complete by 01/29/2020 to avoid monetary penalty.
