1. **POC:** License official observed a two yr old student in pull ups in a classroom without a proper diaper changing station. Director stated that she has several students that are not potty trained in the classroom. License official provided technical assistance by explaining to the director that any student that is still wearing pull up or diapers must be in a classroom with a proper diaper changing station inside that classroom. Director stated that they would move those children who are still in diapers or pull ups into other classroom with a proper diaper changing station. Follow up will be conducted. 2) License official observed students belonging touching the belongings of other children. Director removed the students belongings to where they did not touch the belongings of other children.
