Findings/Comments Here for mid-year inspection. The licensing official met with Stephanie Ferguson director of facility.

Sub-Chapter: 6-Facility Records:
Deficiency: Rule 116.3(8) - States in part "Each facility shall maintain a notebook containing copies of the MSPH 121 certificate of immunization compliance (MSPH Form #121) for both staff and children at the facility. The notebook shall contain separate current alphabetical rosters of both staff and children. The certificates shall be filed in alphabetical order to match the current staff and children rosters."

Findings: Based on observations and review of staff and children rosters, the facility failed to assure that they had a current MSPH 121 on form (4) staff and thirteen (13) children. Children and staff with no 121 form may not return until valid 121 is on file at the facility.

The directors will ensure that each staff and children will have a valid MSPH 121 form by checking at the end of each month. Each child and staff will have a current 121 form before their start date.

The licensing official observed staff roster didn't match the current 121 MSPH 121 form notebook.
