Findings/Comments As licensing official was driving she noticed playground equipment added to facility's playground area.

Facility had a fenced in concrete area for playground.

Licensing official turned around and pulled up to facility. LO went to door. Door was locked. LO knocked on door and no one came to door.

Licensing official took pictures of equipment and phoned owner/Director. LO spoke with owner/director, L. Haggard and asked about equipment. She stated (director) she purchased from Dixie and placed on playground.

Licensing official told owner the equipment could not be on playground without appropriate surfacing and needed to be removed ASAP. Also before equipment is placed, owner should have contacted licensing official. Owner stated equipment would be removed over weekend.

Follow up will be conducted
