Findings/Comments

Upon arrival, licensing official met with designee and the purpose of this visit was acknowledged.

Licensing official conducted a walk thru of the entire buildings. The air is operable and there is no scent of marijuana present. Facility is now allowed to service all children (infants, ones, twos, threes, fours, school age) as of today 6.15.2023.

Licensing official observed a van on premises and asked if provider is transporting children. Designee stated not yet, but plans to soon. Licensing official informed designee before facility starts transporting they must send in proof of vehicle insurance, which covers children and van has to be inspected by licensing official.
